

HEANOR GATE SCIENCE COLLEGE

“Develop all learners to achieve their full potential”
“Create a culture of aspiration”

Principal: **Mr S Huntington**

October 2019

Dear Parent/Carer

Your child has been invited to attend a student conference at the Royal Society in London, on Monday 18 November and Tuesday 19 November 2019.

Students will be presenting their meteor detection project that they carried out with the Astronomical Society. Students will produce an A1 poster and will answer questions from Fellows of the Royal Society throughout the day. There will also be a hands-on element to the presentation and our STEM partner from the Sherwood Observatory will be joining us to showcase their meteorite collection and radio antenna.

We will travel by train on Monday 18 November, from Derby train station to London St Pancras. Students need to make their own way to Derby, meeting at 6.00pm. The Royal Society is paying for travel and accommodation whilst in London. I will inform you of timings and accommodation nearer the time.

This trip is free. However, please logon to ParentPay to give consent for your child to attend.

If you have any questions in the meantime, please feel free to contact me via email at t.james2@heanorgate.derbyshire.sch.uk

Yours sincerely

Tom James
KS5 Coordinator in Science
