

# HEANOR GATE SCIENCE COLLEGE

“Develop all learners to achieve their full potential”  
“Create a culture of aspiration”

Principal: **Mr S Huntington**

October 2019

Dear Parent/Carer

## Enactus for Schools

As a sixth form we are keen to support our students to get involved in valuable opportunities that support the development of personal skills, alongside their academic studies. Enactus for Schools provide a Next Generation Leaders' Programme that involves youth social action; the opportunity to work with local and corporate partners, developing team building skills and building confidence in the world of enterprise.

Your child has chosen to participate in this programme which will involve additional work within school and possibly out in the local community. For more information about the projects, please see the Enactus website - [www.enactus.org](http://www.enactus.org).

The project launch takes place from 10.30am until 2.30pm at the University of Nottingham on Friday 18 October. We plan to take our team to the launch via minibus, to arrive back at school by approximately 3.30pm. Lunch will be provided. Students must let me know of any dietary requirements by Tuesday.

This trip is free. However, please logon to ParentPay to give your consent and any dietary requirements for your child by Tuesday 15 October 2019.

If you have any further questions, please do not hesitate to contact me on 01773 716396 extension 7132.

Yours sincerely

Miss A Spencer  
Assistant Achievement Leader  
Sixth Form
