

HEANOR GATE SCIENCE COLLEGE

“Develop all learners to achieve their full potential”
“Create a culture of aspiration”

Principal: **Mr S Huntington**

February 2020

Dear Parent/carer

As part of your child's GCSE Geography course they will be participating in some fieldwork activities in Heanor town centre on the school's immersion day – Wednesday 12 February 2020. During the day students will be expected to carry out a number of tasks in order to investigate regeneration in Heanor. These tasks will be carried out with remote supervision, which means that your child will be working within a small group of students. They will know where a member of staff is at all times.

Students will be allocated to a group and will be going to Heanor at one of the specified times below:

- Group 1 – 8.50am–11.35am
- or
- Group 2 – 12.05pm–2.35pm

It is your child's responsibility to find out which group they are in prior to the trip. This information is displayed outside room J3.

Students will need to wear their school uniform and will be having lunch at school. Please ensure your child has an appropriate coat for the weather conditions on the day.

Please inform the school if you **do not** give consent for your child to participate in this activity.

Please do not hesitate to contact your child's geography teacher or me if you have any questions.

Yours sincerely

Michelle Kirk
Geography Teacher
